

The Pearl App. Unlock your home's true value.

What is the Pearl app?

The Pearl app was created by the building science, home improvement, real estate, and valuation experts at Pearl to help homeowners improve and manage their homes' value.

Inside the Pearl app, you can:

- **Access your Pearl Report**, complete with investment-grade documentation that informs appraisers and buyers that your home has valuable features.
- **Connect with your professional**. Find and connect with your preferred professional to maintain and improve your home over time.
- **Easily add more features to your home profile**, earning points to attain or earn a higher certification tier for your home.
- **Find rebates, tax credits, and other incentives** that make future upgrades more affordable and increase the return on your investments.
- **Find important documents** - from Pearl, from your professional, or even ones that you want to upload and store as part of your home's digital locker.

Increase your home's value.

- Step 1* **Login to your free Pearl app account** using the unique link provided by Pearl via email. Set your password to secure your account.
- Step 2* **Use the Pearl App** to access your Pearl Report, add other features to your profile, find rebates and tax credits, and more.
- Step 3* **Order an updated Pearl Report** whenever you need to demonstrate the true value of your home.

We make *home* value visible™
