

Turn Browsers Into Buyers.

What is IncentivesHub?

Each month, there are more than 250,000 online searches for home performance rebates and tax credits. **Is your business capturing these homeowners?**

IncentivesHub is a first-of-its-kind sales tool that lives on your website. Homeowners — or your sales reps — simply enter a U.S. address and IncentivesHub will find and display your discounts first, followed by rebates and tax credits from federal, state, and utility programs.

How does it work?

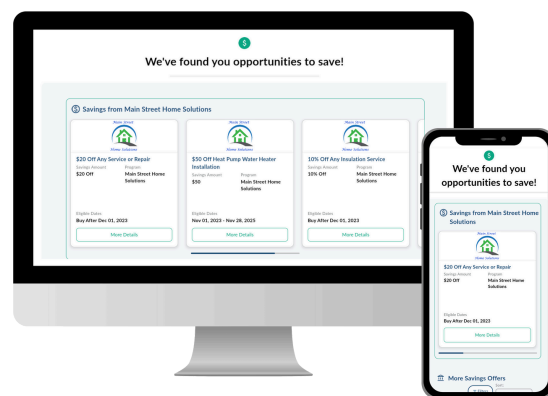

Add IncentivesHub to your website via custom code provided by Pearl. Installation takes less than 15 minutes.

Customize IncentivesHub to showcase your company's discounts first.

Tell homeowners how IncentivesHub can make your products and services more affordable than ever!

What is Pearl?

Pearl's nationally-recognized performance report is transforming the housing market by helping homeowners and their contractors capture the true value of high-performing home assets. Scan the QR code to discover how Pearl can help your business.
